Then make sure to use that sentence in every piece of sales and promotional materials, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several other strategies that may enable you to sell more books.

One is to give one thing away for free together with your e book, resembling a useful bonus item. Or bundle a number of ebooks below one worth, which lowers the value for each e book if they had been sold separately.

An effective approach for figuring out a worth is to ship out a survey to your present customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a sales web page for the new guide, however do not embrace a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with different costs on each page. Make sure that your gross sales copy is strictly the similar on each page, and

includes your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum value is.

Finally, should you've written a ebook that solves a drawback or presents a new technique, your book will bring in each site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what problem your e book solves and what the benefits of your *95 Buick Riviera Repair Manual* e-book will probably be to the shoppers who buy it. And then watch your market come to you!
