An efficient approach for figuring out a price is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion by way of price. Do that by creating a gross sales page for the new e book, but do not embody a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a number of duplicate sales pages with different costs on every page. Be certain your gross sales copy is precisely the same on each web page, and

includes your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum price is.

Finally, if you've written a guide that solves a drawback or presents a brand new method, your e-book will bring in both visitors and profits.
