Decide if your purpose is to get broad distribution and most exposure. This purpose is aimed at drawing prospects to your online business or service, or to establishing the credibility of your reputation. If this is your most important goal, it is best to aim to maintain your price on the low side. Some authors have even priced their ebooks at a profit loss to attract a excessive number of new customers. The secret is to find a price that maximizes your earnings and the number of books you sell.

This is a wonderful pricing technique if you're seeking to acquire lengthy-time period customers. Long-time period customers are extraordinarily doubtless to buy from you once more and again ? as long as the primary e book they purchase is of exceptional quality and useful to the customer.

If you wish to see giant earnings over customer draw, purpose for an audience that's on the lookout for simple solutions to their problems at a low price. If your ebook is aimed toward fixing one specific problem fairly than general recommendation, then you'll be able to charge more. Begin on the highest worth the market will bear to bring in the largest earnings, and plan to discount the e book a variety of occasions throughout the year.

Advertising Strategies

The important thing that unlocks the gross sales potential of your e-book is to discover a single sentence that becomes your selling handle. This sentence states what query or problem your e book solutions and the benefits your e book can provide. Then make sure you use that sentence in every

piece of sales and promotional material, and every time anybody asks you about your ebook.

Besides promoting your books assiduously online, there are a number of different strategies that may allow you to promote extra books.

One is to offer one thing away at no cost with your ebook, akin to a beneficial bonus item. Or bundle several ebooks beneath one price, which lowers the worth for every e book if they have been offered separately.

An efficient method for determining a price is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion by way of price. Do that by making a sales web page for the new guide, but don't embody a worth on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by creating a number of duplicate sales pages with completely different prices on each page. Be certain your sales copy is strictly the same on every web page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum price is.

Finally, should you've written a e-book that solves a downside or presents a new technique, your book will herald both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what downside your ebook solves and what the advantages of your *Georgia Odyssey Study Guide* guide will be to the purchasers who purchase it. And then watch your market come to you!
