Do this by making a gross sales web page for the brand new e-book, but do not embody a price on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by making a number of duplicate gross sales pages with different prices on every page. Be sure your sales copy is exactly the same on every page, and

includes your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum value is.
