If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the new guide, however don't embody a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out costs by creating a number of duplicate sales pages with totally different prices on every page. Make certain your sales copy is strictly the similar on every web page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum worth is.
