Another strategy is to test out costs by creating a number of duplicate gross sales pages with different prices on each page. Make sure that your gross sales copy is strictly the similar on each web page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

Finally, for those who've written a guide that solves a problem or presents a new approach, your book will usher in each visitors and profits.
