An effective technique for figuring out a value is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion by way of price. Do this by creating a sales web page for the new book, but do not include a value on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate sales pages with different costs on every page. Be certain your sales copy is exactly the similar on each page, and

consists of your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum value is.
