Do that by creating a gross sales page for the new book, but don't embody a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out costs by making a variety of duplicate gross sales pages with totally different costs on every page. Be certain your gross sales copy is precisely the same on each page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum worth is.

Finally, if you happen to've written a e-book that solves a drawback or presents a brand new technique, your e-book will bring in each site visitors and profits.
