An effective approach for determining a price is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the new e book, however do not include a worth on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with different costs on every page. Make sure your sales copy is strictly the identical on every web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum worth is.

Ultimately, in case you've written a guide that solves a drawback or presents a brand new method, your ebook will usher in both traffic and profits. So remember to write that promoting-handle sentence that sums up what problem your book solves and what the advantages of your 1400 e book shall be to the customers who buy it.
