An effective method for figuring out a value is to send out a survey to your current customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new ebook, but don't include a value on that page. Make sure your gross sales copy is strictly the similar on every page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your web site and sales of your book. This can inform you what your optimum worth is.

Finally, for those who've written a ebook that solves a drawback or presents a brand new technique, your book will usher in both site visitors and profits.
