An efficient technique for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new e-book, but do not embody a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Make sure your gross sales copy is strictly the same on

every web page, and contains your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. This will let you know what your optimum value is.

In the end, for those who've written a e book that solves a problem or presents a brand new approach, your e-book will herald both site visitors and profits.
