An efficient approach for determining a value is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion when it comes to price.

Do that by creating a gross sales page for the brand new guide, but do not embody a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by creating a number of duplicate sales pages with different prices on every page. Make sure your sales copy is exactly the same on every web page, and consists of your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. It will inform you what your optimum price is.

Finally, in case you've written a ebook that solves a downside or presents a brand new technique, your ebook will usher in each traffic and profits.
