An effective technique for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the new guide, however don't embrace a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with different costs on every page. Be certain that your gross sales copy is precisely the identical on every web page, and contains your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum value is.

In the end, for those who've written a e-book that solves a problem or presents a brand new technique, your e book will usher in both visitors and profits.
