In addition to promoting your books assiduously online, there are a number of different methods that may enable you promote extra books.

One is to provide something away free of charge along with your e-book, corresponding to a beneficial bonus item. Or bundle a number of ebooks below one value, which lowers the value for each ebook in the event that they were offered separately.

An efficient approach for figuring out a worth is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new book, but don't embody a value on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with completely different prices on each page. Make sure your sales copy is precisely the same on each page, and

consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum value is.

Ultimately, should you've written a e-book that solves a downside or presents a brand new approach, your e-book will bring in both site visitors and profits. So you should definitely write that promoting-handle sentence that sums up what drawback your e book solves and what the benefits of your 2079 ebook will probably be to the shoppers who buy it.
