Apart from promoting your books assiduously online, there are several other methods that may allow you to promote more books.

One is to give something away totally free along with your e-book, akin to a beneficial bonus item. Or bundle several ebooks under one worth, which lowers the value for every book in the event that they had been sold separately.

An efficient method for determining a value is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new e book, but don't include a worth on

that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to check out costs by making a number of duplicate gross sales pages with completely different prices on every page. Be sure that your sales copy is exactly the same on each page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum worth is.

In the end, when you've written a ebook that solves a downside or presents a brand new technique, your ebook will usher in both site visitors and profits.
