An efficient method for determining a value is to send out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion by way of price. Do that by making a gross sales web page for the new ebook, but don't embody a value on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate sales pages with completely different prices on each page. Be sure that your sales copy is exactly the similar on each page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum value is.

Ultimately, in the event you've written a e book that solves a downside or presents a new technique, your e-book will herald both traffic and profits. So make sure you write that selling-handle sentence that sums up what problem your e book solves and what the benefits of your 2155 book will likely be to the customers who buy it.
