Begin on the highest value the market will bear to usher in the largest earnings, and plan to discount the book a variety of occasions throughout the year.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Ensure that your gross sales copy is exactly the same on

each page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum worth is.

Finally, in the event you've written a e book that solves a problem or presents a new approach, your book will herald both site visitors and profits.
