One other technique is to test out costs by creating a variety of duplicate gross sales pages with different costs on each page. Be sure that your sales copy is strictly the same on each web page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum price is.

Finally, if you happen to've written a e book that solves a drawback or presents a new approach, your book will bring in both site visitors and profits.
