After you figure out your goal, you should work out what your viewers's need is in your ebook. For instance, does your guide solve a selected downside? If it does, and solves it in a approach that hasn't been written about in 100 other ebooks, you may be able to obtain excessive sales at a high

price. If your e-book solves an issue or solutions questions in a new and unique approach, you need to worth your e-book as excessive as you may go. An effective technique for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new e-book, but don't include a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with totally different prices on every page. Make sure your gross sales copy is precisely the same on every web page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum worth is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a brand new technique, your book will herald each site visitors and profits.
