Do that by creating a sales web page for the brand new book, but don't include a worth on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with different prices on every page. Ensure your sales copy is exactly the same on each web page, and contains your

promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum price is.

Ultimately, should you've written a guide that solves a downside or presents a new method, your guide will usher in each site visitors and profits.
