If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new book, however don't include a value on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with completely different prices on every page. Be certain that your gross sales copy is exactly the same on each

page, and contains your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This can inform you what your optimum price is.

In the end, in case you've written a e-book that solves a downside or presents a new method, your e book will usher in each traffic and profits.
