Then you should definitely use that sentence in each piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

Apart from selling your books assiduously on-line, there are several different strategies that may show you how to sell extra books.

One is to give something away without cost along with your guide, akin to a worthwhile bonus item. Or bundle a number of ebooks beneath one value, which lowers the worth for every book if they were bought separately.

An effective method for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the brand new e-book, but do not embrace a value on that

page. As a substitute, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Be sure your gross sales copy is exactly the same on every web page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum worth is.

Ultimately, when you've written a e-book that solves a problem or presents a brand new approach, your ebook will bring in both visitors and profits. So you'll want to write that promoting-handle sentence that sums up what downside your book solves and what the advantages of your 2645 book might be to the purchasers who purchase it.
