The key that unlocks the gross sales potential of your e book is to find a single sentence that turns into your promoting handle. This sentence states what question or problem your e book solutions and the benefits your e book can provide. Then be sure to use that sentence in each piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

One is to offer one thing away for free along with your guide, similar to a helpful bonus item. Or bundle several ebooks below one price, which lowers the price for each book in the event that they were sold separately.

An effective technique for determining a value is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new ebook, but do not embody a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a number of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is strictly the identical on

each page, and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum worth is.

Finally, for those who've written a e-book that solves a downside or presents a new technique, your book will bring in both traffic and profits.
