Then be sure you use that sentence in each piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of different strategies that can enable you to sell extra books.

One is to offer one thing away without cost with your e-book, resembling a invaluable bonus item. Or bundle a number of ebooks underneath one price, which lowers the worth for each e book in the event that they had been bought separately.

An effective technique for determining a price is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion by way of price. Do that by creating a gross sales web page for the new book, but don't embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with totally different prices on every page. Make certain your sales copy is exactly the identical on each web

page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum value is.

Finally, should you've written a ebook that solves a drawback or presents a new approach, your e book will usher in both traffic and profits. So you should definitely write that selling-handle sentence that sums up what drawback your e book solves and what the advantages of your 360 e-book might be to the shoppers who purchase it.
