An efficient approach for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion in terms of price. Do this by creating a gross sales web page for the brand new guide, but don't embody a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Ensure your sales copy is exactly the similar on each page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum worth is.

Ultimately, should you've written a guide that solves a drawback or presents a brand new approach, your guide will usher in both site visitors and profits. So make sure to write that promoting-handle sentence that sums up what drawback your e book solves and what the advantages of your 418 guide will probably be to the purchasers who buy it.
