An effective technique for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new ebook, however don't embrace a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out costs by making a number of duplicate gross sales pages with different costs on every page. Be certain your sales copy is strictly the same on every page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum worth is.

In the end, should you've written a guide that solves a drawback or presents a new approach, your guide will usher in both visitors and profits.
