## Advertising Strategies

The key that unlocks the sales potential of your e-book is to find a single sentence that becomes your selling handle. This sentence states what query or problem your book answers and the advantages your e book can provide. Then you should definitely use that sentence in each piece of gross sales

and promotional material, and each time anybody asks you about your ebook.

In addition to selling your books assiduously online, there are several other strategies that may make it easier to sell more books.

One is to give something away without cost together with your ebook, corresponding to a priceless bonus item. Or bundle several ebooks below one value, which lowers the worth for every e-book if they were bought separately.

An effective approach for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the new e book, but do not embrace a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Be sure your gross sales copy is precisely the same on every web page, and contains your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your website and gross sales of your book. This will let you know what your optimum value is.

Finally, for those who've written a e book that solves a downside or presents a brand new approach, your e book will usher in both traffic and profits. So make sure to write that promoting-handle sentence that sums up what problem your e-book solves and what the benefits of your 576 ebook will probably be to the purchasers who buy it.
