Advertising Strategies

The important thing that unlocks the sales potential of your book is to discover a single sentence that becomes your selling handle. This sentence states what question or downside your e book answers and the benefits your e book can provide. Then you should definitely use that sentence in every

piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

One is to give something away free of charge along with your e book, such as a beneficial bonus item. Or bundle a number of ebooks under one worth, which lowers the value for every ebook if they have been offered separately.

An efficient method for determining a worth is to send out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new ebook, but don't embody a value on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with different prices on every page. Ensure that your gross sales copy is exactly the same on each page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum value is.

Finally, when you've written a book that solves a problem or presents a brand new method, your guide will bring in both traffic and profits.
