If your guide is aimed toward fixing one specific drawback moderately than basic advice, then you possibly can cost more. Start at the highest worth the market will bear to herald the largest earnings, and plan to discount the e book a variety of times all through the year.

One is to offer something away free of charge along with your e book, equivalent to a useful bonus item. Or bundle several ebooks below one worth, which lowers the worth for every book if they had been bought separately.

An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new e book, but don't include a price on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Make certain your gross sales copy is strictly the same on each page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.

Ultimately, if you happen to've written a guide that solves a downside or presents a brand new technique, your e-book will bring in each visitors and profits.
