Determine if your purpose is to get vast distribution and maximum exposure. This objective is aimed toward drawing customers to what you are promoting or service, or to establishing the credibility of your reputation. If that is your essential goal, it is best to goal to keep your worth on the low side. Some authors have even priced their ebooks at a profit loss to attract a high variety of new customers. Another strategy is to check out prices by creating a variety of duplicate sales pages with different costs on every page. Be sure that your gross sales copy is strictly the similar on every

page, and contains your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your web site and sales of your book. This can inform you what your optimum price is.
