Moreover promoting your books assiduously on-line, there are a number of different methods that can help you sell more books.

An efficient approach for determining a value is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new guide, but don't embrace a price on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with completely different prices on every page. Be certain that your gross sales copy is strictly the identical on every web page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum value is.

In the end, when you've written a guide that solves a problem or presents a brand new method, your ebook will bring in each visitors and profits.
